# Security Deposit Protector

## What is Security Deposit Protector™?

You make this coverage available to your guests in lieu of requiring a security deposit to reserve the rental property.

The Security Deposit Protector covers the guest for up to \$1,500 if the property or its contents are damaged during their stay, subject to policy terms and conditions.

Makes a great complement to AIG Travel Guard's existing Vacation Protection Plans.

## What is the added value to the guest?

When this plan is made available...

Your guests no longer need to worry about how much or when their security deposit will be returned.

Your guests aren't required to write a check or charge their credit card for hundreds of dollars to cover the security deposit.

Oftentimes, having to write a check or tie up their credit card with a security deposit can force potential guests to change their vacation plans.

## What are the benefits to the rental manager?

Reduced administration...

You'll no longer have to go through the hassle of collecting security deposits, managing the money, then spending time and resources refunding the deposits to guests.

All you have to do is build-in the up-front premium for the plan when you book the rental, remit it to 877eTravel, and your guests are covered.

## Additional profit center

There are no costs to offer this program, only an administrative commission paid to you for making the coverage available.

Plus, you may reduce your administrative expense by not having to spend valuable time, money (i.e., fees to process credit cards), and resources collecting, managing, and returning security deposits.

# Claims

- Document the damage and save receipts for costs incurred.
- Complete a Security Deposit Protector claim form and remit to AIG Travel Guard within 72 hours of initial damage.
- The remaining correspondence including original receipt or invoice, must be submitted within 60 days of the initial filing.
