

Data Sheet

Professional Services: Website Integration

Turn your Website into a powerful marketing channel – with no effort!

If you are happy with your current Website, you can still take advantage of Rent One Online's Website Integration service to reduce the cost to maintain your site, allow guests to book online and market travel services that make you extra profit. Rent One Online's Website Integration service gives you powerful searching, flexible property listing capabilities, and a choice of online booking methods. These services are "integrated" right into your existing Website and the property information — descriptions, pictures, amenities, availability and pricing — are published dynamically from your Rent One Online system so your site is always up to date.

Your Website

View Rentals by Property

Click on a property name below to view all rentals in that property group.

- Corolla
- Duck
- Kill Devil Hills
- Kitty Hawk
- Nags Head
- South Nags Head
- Southern Shores

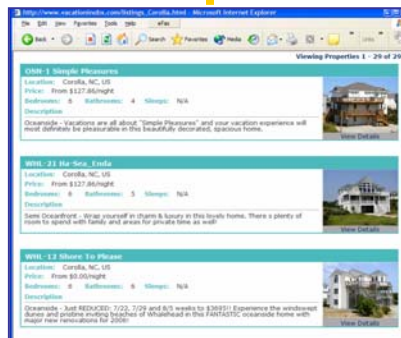

"Rent One Online's Website Integration service plugs our property listings right into our Website and gives us the flexibility to handle bookings the way we want. It is automatic and requires no effort on our part."

Shoreline Preferred Properties

Powerful Property Search & Summary Listings

Search and List by Availability, Amenity, # of Rooms, by Region, etc.

What's Include in the Service?

This service offering includes the integration of any or all of Rent One Online's Property Search, Property Pages, and Online Booking modules (credit card booking requires Rent One Online "RPM" merchant account).

These modules will be tailored to your site's color. If you desire additional customization, advanced integration services are available for an additional fee based on your unique needs.
